Please respond as fully as possible to the following questions. We want to have as much information as you can provide, so you please respond to the first three sections with essay-length answers. The last two items can be given short answers. All answers should be typed and attached to this application form.

Please tell us about your experience with the organ. Are you currently studying the organ, playing the organ in a church, or working with an organ builder? How long have you been doing these activities?

What are your career goals? How does the organ fit into your plans?

What do you hope to gain by attending an OHS Convention and from membership in the OHS?

Since this Fellowship is partially based on demonstrated financial need, please provide a brief narrative explanation of your financial limitations or needs or inability to attend a convention with your own resources.

Please tell us if you have any special needs, such as accessibility issues, dietary requirements, or a medical condition. If you have none, please state that and initial your response.

Letters of recommendation. We require three letters of recommendation in support of your application. One of these letters should be from an OHS member, one should be from a professional musician, and one may be in the nature of a personal or character reference. **These letters must be sent to the address below and must be postmarked by March 20.**
